

## LANTEK CORPORATION CONFLICT MINERALS STATEMENT

Lantek Corporation supports the Conflict Mineral Law, within the Dodd–Frank Wall Street Reform and Consumer Protection Act. We are committed to conforming to this act and taking due diligence to ensure that no Conflict Minerals, other than verifiable recycled material, are used in the manufacture of new components or product that we supply.

We have also undertaken to work with our suppliers and customers to raise awareness, provide information and effect compliance, wherever the product is destined.
